### **DETAILED ACTION**

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

#### ***Claim Rejections - 35 USC § 112***

Claims 58,65 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

There is no R4 identified in 58 (II).

There is no period at the end of 65.

#### ***Claim Rejections - 35 USC § 103***

Claim 65 is rejected under 35 U.S.C. 103(a) as being unpatentable over Claims 45, 49-50, 52, 55, 57 stand rejected under 35 U.S.C. 103(a) as being unpatentable over GOULD et al 4451635 in view of GREEN et al 3931319 and VANDERGAARD 4110286.

The combination provides polyurethanes able to terminate in the formula III when C=NRS or NH.

#### ***Allowable Subject Matter***

Claims 59-64 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.

***Response to Arguments***

Applicant's arguments filed 10/31/07 have been fully considered but they are not persuasive.

Applicant's arguments are that the instant polyurethanes could not be formed with the formula III claim 65 compound. However, we see one in the art capable of providing the forms limited when C is NRS or NH.

Applicant's amendments otherwise provide quaternary terminated polyurethane of structures not evident in the cited prior art.
